

Instructions for identifying bottle cap compatibility with CBH deluxe

If you use a phone or computer screen, please follow these instructions

If you print this sheet, please follow these instructions

Step 1 - Change the zoom to match the size of a quarter dollar coin with the circle to the right.

Step 1 - Print this page on a Letter (8.5" x 11") size sheet as "Actual size". Confirm that a quarter dollar coin perfectly matches the circle to the left. If it doesn't, adjust the print scaling.

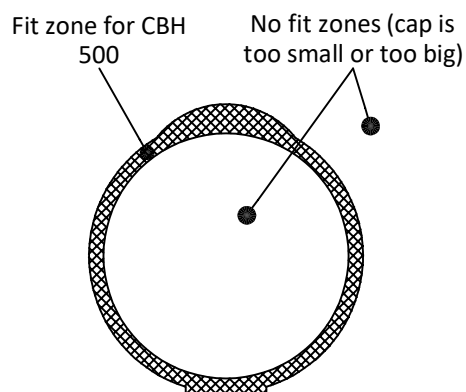

Step 2 - Scroll to Step 3 without changing the zoom.

Step 3 - Place your cap against the ring to the right.

If your cap fits within this "Fit zone", it is compatible with CBH 500.

If your cap is bigger, scroll to the next "Fit zone" without changing the zoom.

If your cap is smaller, it may not be compatible with CBH products.

Step 2 - Place your cap against the ring to the left.

If your cap fits within this "Fit zone", it is compatible with CBH 500.

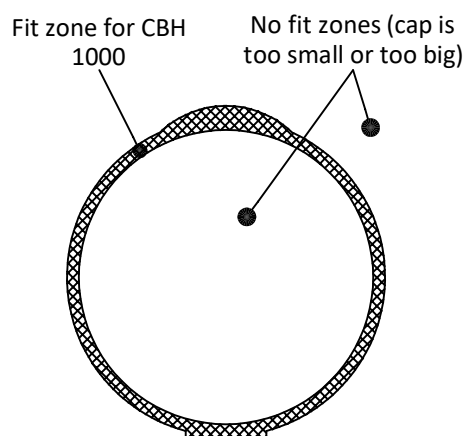

If your cap is bigger, move down to the next "Fit zone".

If your cap is smaller, it may not be compatible with CBH products.

Step 4 - Place your cap against the ring to the right.

If your cap fits within this "Fit zone", it is compatible with CBH 1000.

If your cap is bigger, it may not be compatible with CBH products.

Step 3 - Place your cap against the ring to the left.

If your cap fits within this "Fit zone", it is compatible with CBH 1000.

If your cap is bigger, it may not be compatible with CBH products.
